

## DEVELOP PEOPLE AS LEADERS

Jesus picked what seems to be some unlikely candidates for ministry and develops them into all that the church needed to move forward with strength and to represent his kingdom on earth. Jesus told the fishermen that he would make them fishers of men. They weren't ready made. They had to be developed.

**If your future youth pastors, kids pastors, executive team, preachers, key contributors are all sitting in your church right now – what do you need to do to develop them and take them to the next level?**
